

Matthews Urges Victory For Negro Democrats

Leaguers Founder Praised At Dinner

NEWARK — There came regrettably more whites than Negroes here last Thursday evening to pay tribute and give recognition to the leadership of an outstanding woman, Mrs. Reynold E. Burch, who through her stubborn determination, intelligence, and efforts has registered her name among today's great Negro women of achievements.

The occasion was the annual dinner of the Leaguers, Inc., held in the main ballroom of the Military Park Hotel. The Leaguers, a community service organization had its beginning more than 16 years ago when Mrs. Burch called a group of Negro women together for the purpose of developing a change in racial recognition through volunteer community service.

Governor Richard J. Hughes, Dr. Robert Johnson, Rev. Edwin Sullivan of Seton Hall University, including Glenn Shipley, president Leaguers Freshman Class and Gwen Nelson of the Leaguers, were among all gathered to the dinner and service rendered by Mrs. Burch in behalf of Newark's youth.

Andrew T. Fletcher, former press secretary for the late President John F. Kennedy, was Master of Ceremonies. Mrs. Bernice Ruffin, director of 10 voice Leaguers choir was acclaimed for her musical presentations.

Charles E. Silberman, associate editor, Fortune Magazine and author of "Crisis in Black and White" was the guest speaker.

Mr. Silberman told the gathering in his remarks concerning "The deepening crisis in race relations" that "If any doubt had been left — and there should not have been — last summer's rioting in the Watts area of Los Angeles demonstrated, so that none could doubt it, that Negroes have changed their minds." He stated further that, "Indeed, the Negro revolt cannot be understood

Council Members Denies Report

NEWARK — A recent statement issued by the local NAACP and the office of the state attorney general concerning demonstrations at Rutgers and Newark College of Engineering drew a denial here last Tuesday from the Newark Coordinating Council as having signed an agreement not to take to the picket line if a complaint was being adjusted by the state Civil Rights Division.

At the meeting the Coordinating Council declared in a statement. We reaffirm our determination and commitment to the people of Newark to end Job Jim Crow at the Rutgers, NCE and other building sites.

Edward Andrade, chief negotiator for the Council, stoutly defended the position of the organization and said, "We have never given up our weapons to demonstrate and other forms of protest and never will."

It was further brought out in the meeting that the Council found it necessary to issue the statement because of a recent statement issued by a certain group of individuals appearing

African Leaders Ask Protection For Rhodesians

ACCRA, Ghana — The heads of state of the Organization of African Unity last Friday urged Britain to take over the administration of Rhodesia by force to prevent the white minority government from unilaterally declaring independence.

In a resolution, the organization's third annual summit meeting also appealed to the United Nations to declare such a declaration a threat to world peace.

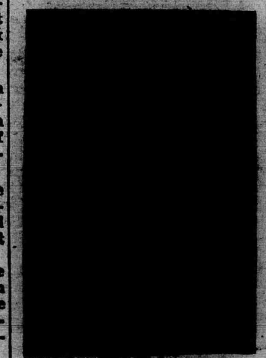

Members of the O.A.U. were asked to take all possible steps, including force, to prevent such action. Britain has said she would not send troops to Rhodesia to prevent a declaration of independence.

The resolution was adopted unanimously and "without reservation" by those attending this conference in the capital, the nation complex built for the center by Ghana's President, Kwame Nkrumah, seven days ago.

Seven French-speaking African states were absent. They are boycotting the meeting to protest Mr. Nkrumah's support of African exiles here who have attempted to stage coups d'etat against their home governments.

Eleven other heads of state stayed home and sent lower-level delegation. The 18 who did come constitute only half

CHARLES A. MATTHEWS, DEPUTY DIRECTOR
ESSEX COUNTY BOARD OF FREEHOLDERS

Director Of Board Seen In Victory For Democrats

NEWARK — Charles A. Matthews' campaign for reelection as member of the Essex County Board of Chosen Freeholders is attracting nation-wide attention because, if he is re-elected, it is certain he will become the first Negro in the nation to serve as Director of a first class County Government. Mr. Matthews has served for three years as Deputy Director of the Board of Freeholders of Essex County.

Much excitement is being expressed by Negroes throughout Essex County concerning the possibility of a Negro becoming for the first time in the history of the state and even the nation to serve as Director of the Essex County Board of Freeholders.

Freeholder Matthews, former and first Negro Democratic Chairman of Newark and Essex County is spearheading the campaign drive to elect three other Negro Democratic candidates to office. They are Madeline Williams, who is one of two Negroes holding constitutional office in Essex County, as Registrar of Deeds and Mortgages. The other two Negro Democratic candidates are: Dr. Hutchins Inge of Newark who is running for state Senate and Ronald Owens, a young attorney who is a Democratic candidate for the state Assembly.

Attorney James E. Abrams who is Surrogate of Essex County with Mrs. Williams, Registrar of Deeds, represent the only two Negroes in the nation who hold as many constitutional offices. Mr. Dennis Carey, chairman of the Essex County Democratic Committee has been acclaimed throughout the country for his policy of appointing and placing Negroes on county and state tickets for election to office.

Mr. Matthews pointed out in an address to his supporters last Thursday evening that, such political gains as have been registered by the Essex County Democratic party in relation to Negro representation in office and job appointments has shattered the claims of both the Splinter Group and the Republican party seeking to destroy the great political and social gains won by

Mrs. Inge Seen As Aid To Husband In Campaign

NEWARK — Mrs. Evelyn Inge, wife of Dr. Hutchins Inge, Democratic candidate for the state senate from Essex County has become as well known throughout the county as her candidate husband for her charm and friendliness which has captivated the people.

Mrs. Inge described her husband in his efforts to win election on the Democratic ticket for the state senate as a man who wishes to continue to serve the people with whom he has lived for more than 30 years as their representative in Senate of the state house in Trenton.

Mrs. Inge said I need not try to describe my husband as a man of the people. This fact can be attested to by the hundreds and perhaps thousands who have come to meet him in his practice of medicine. She went on to say, I believe he is the greatest campaigner I know of for political office. Mrs. Inge continued, he just loves to meet and talk to people. He is just like the old country doctors, his patients are first. He seems to regard political campaigning just the same as if he was meeting with people in his profession as a Doctor. Mrs. Inge and her husband Dr. Inge live in the heart of the Central Ward at 221 South Or-

Dr. Inge Warns Of Goldwaterism

Dr. Hutchins F. Inge, Negro Democratic candidate for State Senate, Tuesday called on all voters "to reject Goldwaterism as reflected in the attitudes of New Jersey Republicans."

Dr. Inge, in a final statement of the campaign in which he hopes to be elected the first negro senator in the history of the State of New Jersey, said that the paramount issue of the campaign is "whether or not Goldwaterism is to be allowed to remain in New Jersey after its resounding defeat in the presiden-

tial election of 1944."

Dr. Inge said that his philosophy and the philosophy of the entire Democratic ticket on Line A stands behind:

- a) the right of every individual to have a good paying job and to work in dignity and to live in property.
- b) the right of every citizen to be free to speak his mind, unfettered by the chains of totalitarianism, but abiding by, and pledging strict allegiance to, democracy and free speech.
- c) the right of every American to participate in and enjoy the great services which a progressive state like New Jersey should offer.

New Jersey is a great state and under the wise and liberal leadership of Governor Hughes, we are going to make it even greater.

Here is Governor Hughes, a man, who has been endorsed by labor and who has demonstrated in his every fiber that he will serve you and the millions of other citizens in the state of New Jersey, because he cares.

Children would be more religious if their parents practiced religion more in everyday life.

"DOC" WILSON THE MAN WHO KNOWS

I love to watch the rooster crow.
He's like so many men I know
Who brag and bluster, rant and shout
And beat their manly breasts
without
The first damn thing to crow
about.

Wherever God erects a House of Prayer
The Devil always builds a chapel there
And 'twill be bound, upon examination
The latter has the largest congregation.

If you do not think about the future,
you cannot have one.

Nothing chances more constantly than the past that influences
our lives does not consist of what actually happened but
what we believe.

An expert is one who knows more and more about less and less.
— The biggest problem in the world could have been solved
when it was small.

Nobody can describe a fool to the life,
without much patience self-inspectional.

A FOOL NOW AND THEN MUST BE RIGHT BY CHANCE.
His wit invites you by his looks to come, but when you knock, it never is at home.

Dear Doc' Wilson:

I am supposed to go to court in a day or two — I don't have the money — Can you get me out of this. If you can I will pay you on the 3rd of November. Please help me. I don't want to go to jail because I have no one to look after my 8 kids. Please do something for me.

ANSWER:

I don't know what kind of trouble you are in. You did not state it. If you are doing something that you should not have been doing, why did you do it? How can I help unless I know what direction I am traveling?

DEAR FRIENDS

It is at this moment 4 a.m. Saturday morning. I just arrived from Miami after having spent a very difficult day in Ft. Pierce, Fla. It rained all day long. The lady's house where I saw the many friends who came to see me, could only accommodate about fifteen people at a time, so more than 200 had to stand outside in the rain. I went outside in the mud and slush and set

myself up an office under a big oak tree. I did everything to help them that any person could have done under the circumstances. I am not satisfied with the job that was done so everybody down that way will be hearing from me very shortly. THIS IS ALSO IMPORTANT. So many letters greeted me in Jacksonville, Brunswick, Ga., Valdosta and Miami that I answered only eighty out of about six hundred and ten. Every letter will be answered, and every good thing I can do will be in the letter. From now on until January first, I will be here at the House of Good Fortune so call me or write me.

Vinie Burrows, Broadway actress and Elma Adams, concert pianist, will give a benefit performance for Newark-Essex CORE of their program "Echoes of Africa" on Friday evening, October 29 at The Leagues, Inc., 750 Clinton Avenue, Newark.

The program, according to Fred Means, Chairman of Newark-Essex CORE, will highlight contributions of African writers and composers of African descent. Featured will be works of William Grant Still, R. Nathaniel Dett, S. Coleridge Taylor and Howard Swanson.

Vinie Burrows will read poetry of writers from Ghana, Senegal, Liberia, Nysaland and Kenya.

Elma Adams, a resident of Cranford, is a graduate of the Julliard School of Music and is one of New Jersey's outstanding concert pianists. She has appeared in recital at Town Hall. The study of African music is one of her main interests. Last year under the sponsorship of the American Society of African Culture and the Haile Selassie Foundation, she toured Africa giving 13 concerts in six countries. Her performances were highly acclaimed and she was presented with a gold medal for artistry at an audience with His Imperial Highness, Crown Prince Nefid Wossen of Ethiopia.

Even though your electric bills may be higher, ELECTRICITY COSTS LESS TODAY THAN IN 1940!

Think of all the appliances you've added since 1940 — appliances that save you countless hours of work and bring a whole world of entertainment and comfort into your home. Our point is, the average home uses more than four times the amount of electricity today than it did 25 years ago. But the combination of rate reductions and increased use of electricity has resulted in a 43% decrease in the average unit cost of electricity since 1940! Yes, when it comes to electricity, the "good old days" have progressed to "better new ones".

Weeb Eubanks, coach of the New York Jets says: "Talking about offensive ends, you have to rate Art Powell of the Oakland Raiders one of the best in the game." Bobby Bell, the sensational 328-pound defensive tackle of the Kansas City Chiefs is the fastest man on the team. . . . Lonnie Wright, the former Newark South Side High School All State cager is tabbed a sure shot to qualify as an All-American this season. Wright is the sparkplug of the Colorado State team. . . . Chris Parvall, ex-Weequahic High School whiz bang could be the high scorer at the University of Iowa this basketball season.

The N.Y. Jets despite their terrific gate appeal at the Shea Stadium have yet to win a game in six attempts. Weeb Eubanks' griders can't win because of quarterback trouble and the one penalty bugaboo. Mat Snell, the Jets star fullback is below par physically. Dick Coleman has another powerhouse at Princeton University. The growing Tigers should again win the Ivy League diadem if they can squeeze past Dartmouth. Judging from their play at press time we tab the N.Y. Knicks personnel stronger than last season.

Negroes in the Democratic party.

The Freeholder also said, he was certain that the Negroes of Essex County would not be fooled in believing that a vote for either the Splitter Groups or the Republican party would represent gains for the Negro but they could see that it would mean a great loss to the race in jobs and patronage. He said that he would continue to tell the Negroes of Essex County that a vote for the Democrat party means a vote for the advancement of the Negro in Political and economic advancement. Matthews told the workers that it was the job of every one of them to let the people of our race know that for a greater Freedom and representation we must elect the four Democratic Candidates to office, namely,

except as a long-suppressed reaction against the imbalance of power, and imbalance which whites take for granted, but which Negroes have always resented." He continued, "The essence of the 'Negro revolt' is the fact that the Negro is no longer addressing himself to the white man's prejudice; he is no longer primarily interested in changing either the minds or the hearts of white Americans. He is, instead, trying to change white behavior."

Among those attending the dinner were, Mrs. Larry Stalks, Mrs. Rita Norris, Mr. and Mrs. Wallace Giles including Mrs. Nancy C. McDaniels, Mrs. Catherine Ramsey and Mrs. Mae Johnson who was singled out as being listed among the early group of Mrs. Burch's supporters. Negro Named N.Y. Deputy Police Commissioner

NEW YORK — New York City Police Commissioner Vincent Broderick last Friday named a Negro to one of the most sensitive posts in the department — deputy commissioner — and to serve as chairman of the department's Civilian Complaint Review Board.

He is 31-year-old Franklin Augustine Thomas, native son of the famous Bedford-Stuyvesant section of Brooklyn. He attended Columbia University where in his senior year he

was the center and captain of the Columbia College basketball team, making the All-Ivy and All-East teams. He was graduated in 1956. For the next four years he served as an Air Force instructor-navigator. He got his law degree from Columbia Law School in 1963.

Mr. Thomas, married to the former Dawn Conrade Gill since 1956, succeeds Leonard Reisman as the police deputy commissioner in charge of legal matters and as chairman of the review board.

The tall handsome 6 feet 4 inch Thomas will receive a salary of \$17,500.

Mr. Thomas is the fourth Negro to be named a deputy commissioner, the last previous one being Lawrence W. Pierce, who was in charge of the department's youth program from June, 1961 to October, 1963.

There has been great pressure for another Negro to be named to one of the seven deputy commissioner jobs. Negroes holding that title previously, were Robert Mangum, now first deputy commissioner of hospitals, and William L. Rowe. But this is the first time that a Negro will not only be in charge of legal matters but also chairman of the Civilian Complaint Review Board.

Narcotics Commissioner Broderick was impressed with Mr. Thomas for various reasons, including these two: he assisted Mr. Broderick while the latter was still in the U.S. Attorney's office, to prepare argument against the appeal of the espionage conviction of a Negro Navy yeoman, Nelson C. Drummond. And more recently, Mr. Thomas acted as the right arm of Assistant U.S. Attorney Stephen Kaufman in the successful prosecution of three men and a French-Canadian woman for conspiring to dynamite the Statue of Liberty and other monuments.

The tall young man specializing in prosecuting narcotics trials.

And before joining U.S. Attorney Morgenthau's staff, he was with the U.S. Housing and Home Finance.

The Attorney General did request those present to sign a statement agreeing not to demonstrate. Only the Newark NAACP representatives and Rev. Cartwright signed the pledge. The Wonderful World Of Miss Tan America

When God made the earth, most likely Nothing came close to the woman he created from man, for here in the BOTANICAL GARDEN, of beauty found in all colors from every corner of the world, I, sometime wonder if the people living in this new world called AMERICA, EVER stopped to evaluate the femininity and it's beauty that en-gulfs our land, with it's variety of seasonal tones that have been responsible for this vast Botanical likeness in the American Woman that ours is the most beautiful nation on earth, with the greatest selection of beautiful women found only here in America.

Standing in all her splendor is the American Negro Woman, with out a doubt the most beautiful, well developed creatures ever to walk this earth, and most important fast becoming educated and oriented to the American main stream that has for centuries been that all for other women in our land. This American woman, not like other women in this nation must, after one hundred years of freedom, take her place in the world which she loves and knows, to be her birth

right. I, speak about a land which is hers too, America the excluded American woman must get her chance to exercise her talents and beauty, along with helping to build a solid nation, for she too has given birth to Senators, Congressmen, Lawyers, Judges, Bankers, Builders, Famous Sports Figures, and Generals in the Armed Forces.

The history of this American woman in all its essence could fill thousands of books if told, for under most peculiar conditions in this land, no females have ever accomplished greater tasks, thus, this America woman which this column was designed for, and contrived too.

I, refer to Miss Tan America one could call this the other half of the Miss America like that of the Miss America signifies the same aspirations and benefits in every sense, namely educational, social and the national recognition a duplication of the same, except in complexion. Today in this country the local Miss Tan winners crowned in the larger cities, carries to the national Miss Tan America finals held deep in Dallas, Texas, the same bubbly feeling as that of thousands of local Queens when they don the stage in Atlantic City each year. The same tears roll down the cheeks of the crowned Miss Tan America as she dons her scarlet wrap.

NEW-INVESTMENT SAVINGS ACCOUNTS

- Until a deposit shall have remained in an Investment Savings Account for four full quarterly dividend periods, it earns dividends at the rate applicable to Regular Savings Accounts—presently 4 1/4% per annum, computed in the same manner. At that time the deposit will receive a special dividend—presently 1/4 of 1% per annum, for the preceding four full quarterly dividend periods. The current rate on Regular Savings Accounts, if continued through the four full quarterly dividend periods following a deposit, plus the present special rate, would therefore produce earnings at the rate of 4 1/2% per annum on the deposit for such periods.

- Thereafter, the deposit will be credited quarterly with dividends at the Investment Savings Account rate declared by the Board of Managers from time to time, which will be composed of the then Regular Savings Account dividend rate, plus the additional rate then in effect.

- Special passbooks for Investment Savings Accounts will be required, and will be issued upon an initial minimum deposit of \$1,000. Additional deposits and withdrawals may be made in multiples of \$500.00, but dividends may be withdrawn in any amount. The balance in such an account shall be not less than \$1,000, and shall be not more than \$50,000, except as permitted by law. If balance drops below \$1,000 account must be closed or transferred to a Regular Savings Account in which case it would be without loss of dividend at regular rate.

Greater Newark Council of
Churches
Public Relations Department

Dear Fellow Pastor of Newark:
Please take time out of your
busy schedule to read this let-
ter and do something about it,
immediately!

The Greater Newark Council
of Churches, which is your
Council and represents our com-
mon endeavors to the glory of
God and the blessing of Man-
kind, is at a point in its life
which might be called a crisis.
You and your Church must act
immediately and rally to the
support of the Council if it is to
continue its magnificent and
astonishing work in the years
ahead.

Although many of the
churches of the city and many
of the Pastors have participated
in the work of the Council only
a few Churches (22) have taken
the trouble to officially indicate
their desire for membership and
to pay their membership fees.
This is most discouraging to
those of us who believe in the
Council and gives a black-eye
to the Council, as far as the
rest of the community is con-
cerned. We have discovered that
we can not ask others to help
us unless we have endeavored
to help ourselves in this very
minimal way.

By mail minister's will re-
ceived application forms for
membership in the Council along
with presentation of the pro-
posed budget in preparation for
the Annual Meeting of the Council
which will be held at Mt.
Zion Baptist Church, Broadway
and Kearny St. in Newark on
Friday, October 29th at 8:30
P.M. The meeting will begin
with a dinner at 6:30 followed
by a business meeting. Please
take action now to do something
about your membership and
support of the Greater Newark
Council of Churches and plan
to attend the Annual Meeting
of the Council along with at least five
laymen from your Church.

Please announce and promote
also the city-wide Reformation
Day Service sponsored by the
Greater Newark Council of
Churches which will be held at
Second Presbyterian Church,
Washington and James St. on
Sunday, October 31st at 4 P.M.

Speaker will be Dr. Allen
Geyer of the National Council of
Churches, who will present the
Reformation in the light of the
Ecumenical movement within
the Church. Urge your members
to attend and attend yourself.
The Clergy are asked to come
at least ten minutes before the
service with vestments and with
banners and to participate
in a processional into the ser-
vice.

onstrate, now, our oneness in

DR. WILLIAM SMITH
BISHOP OF ST. JUDE
UNION METHODIST
CHURCH INC.

Blessed Jesus It is Thou who
has unlocked Thy people the
gates of prayer. Without Thee
they must have been shut for-
ever. It was Thy atoning merit
on earth that first opened them;
it is Thy intercessory work in
heaven that keeps them open
still.

How unlimited the promise—
"What-soever ye shall ask!" It
is the pledge of all that the
needy sinner requires — all
that an Omnipotent Saviour can
bestow! As the great Steward of
the mysteries of grace, He seems
to say to every faithful servant,
"Take thy bill, and under this
my super-scription, write what
you please." And then, when the
blank is filled up, He further
endures each petition with the
words, "I will do it!"

He further encourages us to
ask "in His Name." In the case
of an earthly petitioner there
are some pleas more influential
in obtaining a boon than others.
Jesus speaks of this as forming
the key to the heart of God. As
David loved the helpless cripple
of Saul's house "for Johnathan's
sake," so will the father, by
virtue of our covenant relation-
ship to the Johnathan (lit., "the
gift of God"), delight in giving
us even "exceeding abundantly
above all that we can ask or
think."

Reader, do you know the
blessedness of confiding your
every want and every care —
your every sorrow and every
cross — into the ear of The
Saviour? He is the "Wonderful
Counselor." With an exquisitely
tender sympathy He can en-
ter into the innermost depths
of your need. That need may be
great, but the everlasting arms
are underneath it all. Think of
Him now, at this moment —
the great Angel of the Covenant,
with the censor full of much in-
cense, in which are placed your
feeblest aspirations, your most
burdened sighs — the odor-
breaking cloud ascending with
acceptance before the Father's
throne. The answer may tarry;
these your supplications may
seem to be kept long on the
wing hovering around the mer-
cy-seat. A gracious God some-
times sees it meet thus to test
the faith and patience of His
people. He delights to hear the
music of their importance plead-
ings — to see them undeterred
by difficulties — unrepelled by
apparent forgetfulness and neg-
lect. But He will come at the
last — the pent-up fountain of
love and mercy will at length
burst out — the soothing ac-
cents will in His own good time
be heard. "Be it unto thee ac-
cording to thy word!"

Soldier of Christ with all thine
other panoply, forget not the
"All-prayer." It is that which
keeps bright and shining "the
whole armor of God." While yet

The Newark Pre-School Council, a unique community program created by local residents to provide free nursery schooling for four-year olds, is about to add its 1000th youngster to its rolls, it was announced today by Dr. Milton Akers, director.

Developed under the auspices of the United Community Corporation, and funded by the Office of Economic Opportunity, with a supplementary grant from the State of New Jersey, and the Newark Municipal Council, the council expects to enroll some 3600 children and prepare them for their first kindergarten experience next fall, Dr. Akers said.

"Great stress is being put on education during the early days of this war on poverty," Dr. Akers observed, "and we are moving quickly to train staff to meet our expanding program, which by the end of October will be reaching over 1000 youngsters."

A grass roots program such as the Pre-School Council has more than one objective and serves a multitude of purposes, Dr. Akers said. In addition to preparing youngsters for the formal kindergarten experience, and establishing a meaningful link between home and classroom, he explained, these projects provide many employment and training opportunities for qualified people who are unable to find work, or those not trained in a specific skill. In the near future the Council will set up a program on a center-by-center basis to provide parents with the educational services and activities they desire.

"The Council is one of a number of anti-poverty programs currently in operation in Newark, or anticipated by the United Community Corporation, which is a private, non-profit agency delegated by Mayor Hugh J. Addonizio to coordinate Newark's efforts to combat and alleviate the destructive effects of poverty on thousands of Newark residents.

idents.

Excerpts from letter sent on October 13, 1965, to Governor Richard B. Hughes and Senator Wayne Dumont, candidates for Governor of New Jersey.

In the State of New Jersey, we have 500,000 Americans whose full and equal rights under the Constitution has been recognized in law but unfulfilled in fact, because of the color of their skin. For this reason, New Jersey State Conference of N A A C P Branches feel it imperative that both candidates for the office of Governor voice their commitment, if elected in November, on issues which affect the lives, freedom and welfare of the Negro.

We believe it is important that both candidates for the office of Governor voice their commitment, if elected in November, on issues which affect the lives, freedom and welfare of the Negro.

We believe it is important that the Governor of our state personify the ideals of our society and associate himself with the great fight for equality. We feel the time is now both candidates to speak out on the following

issues:

1. We are hopeful for an affirmative action program to end racial imbalance and defacto segregation in all schools in the State of New Jersey.
2. Open occupancy in housing, through enactment of a strong Fair Housing Bill, so that all people may enjoy the privilege of freely choosing home and community.
3. The Negro community again faced with serious crisis of unemployment in the midst of prosperity and affluence for the rest of the state, demand an end to racial discrimination in employment.
4. We strongly urge legislation and enforcement, on all levels, to protect the migrant farm worker and their children from exploitation and to give them equal opportunities to live in health and decency to raise their children under wholesome conditions.
5. In keeping with the role of the NAACP in political action, we are asking that the next Governor, of the State of New Jersey, appoint qualified Negroes not only to the cabinet, but to other appointive offices on the state and local level.

Despite what some people say, most of us want to do the right thing, even though we don't do

An Editorial:

Hold What You Got

By GEORGE THOMPSON
Substituting for O. WILLIS BROWN, Editor

Negro voters of Essex County are being urged to HOLD WHAT THEY HAVE politically. Under the direction of Dennis F. Carey, Chairman of the Democratic Committee of Essex County they have seen the election of two members of their race to two of the four constitutional offices of the county. Mrs. Madeline Williams as County Register of Deeds and Mortgages and Atty. James E. Abrams as County Surrogate. Besides these two County department heads there is Charles A. Matthews who is Deputy Director of the Board of Freeholders. His reelection will mean that Freeholder Matthews will become the first Negro in the history of the state to become Director of County Government. This prospect is indeed worthy of every Negro voter in Essex County fighting to hold what he has. Then there is the neighborly and well liked Dr. Hutchins Inge who is running for the state senate from Essex County. The image of Dr. Inge has grown as a politician. He has been accepted by the voters of Essex County as a professional man who is down to earth.

The colored voters of Essex County are being urged not to waste one Vote on any Line Election Day but LINE "A." The cry is HOLD WHAT YOU HAVE" and vote the Democratic Ticket All The Way from HUGHES to MATTHEWS.

The Negroes of Essex County are on their way to greater political gains under the leadership of Carey in the Democratic party. He should and must "HOLD WHAT HE HAS GOT." The cry will continue throughout Essex County until Election Day, November 2, to every Negro registered voter to Vote the Democratic Ticket, Line "A" All The Way, from Hughes to Matthews and "HOLD WHAT YOU GOT."

Governor Speaks

On November 2, the people of New Jersey will go to the polls and make a decision which will have a profound effect on the future of our State.

I would respectfully request at this time that every citizen fulfill his civic responsibility by casting a ballot in what he believes to be the best interest of his municipality, his county and his State.

It has been a great privilege and an honor for me to serve as your Governor for the past four years. Regardless of what the outcome may be in the current election, I want to express my appreciation for having been given this opportunity. I only ask now that you vote, and vote according to your conscience for what you firmly believe will be a brighter future for all of our people.

We are always a little bit suspicious of those who assure us that they want nothing from us.
